

SVANGE

LED Medicine Cabinet Installation & User Guide

DANGER

Risk of personal injury. To avoid possible electrical shock, the electricity must be turned off at the circuit breaker or fuse box before attemting any installation procedure.

Risk of personal injury. To avoid possible electrical shock, the mirror must be properly grounded.

CAUTION

Total/Maximum shelf load 34lbs/15.4kg

GROUNDING INSTRUCTIONS

This product must be connected to a grounded metal, permanent wiring system, or an equipment-grounding conductor must be run with the circuit conductors and connected to the equipment-grounding terminal or lead on the product.

WARNING

An Electrical option cabinet must be wired to a 20 Amp GFI (Ground Fault Interrupter) protected circuit when used in bathrooms and all other locations required by the National Electric Code.

To reduce the risk of burns, fire, electric shock or injury to persons. Use this furnishing only for it's intended use as described in these instructions. Do not use attachments not recommended by the manufacturer. Never drop or insert any object into any opening. Do not use outdoors.

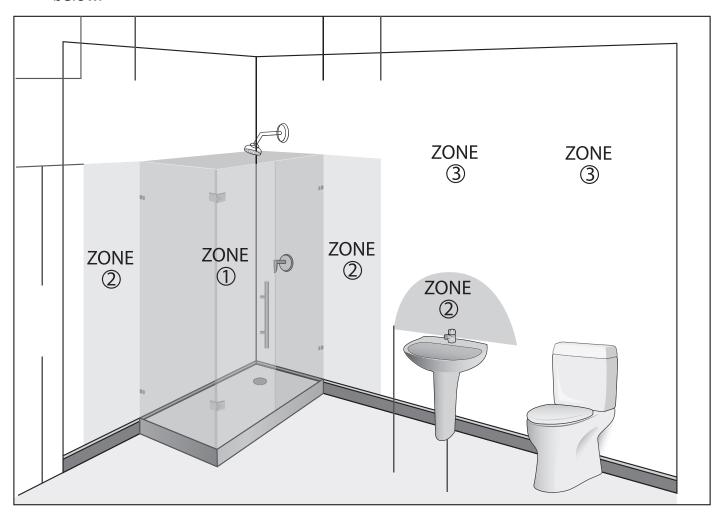

Risk of electric shock. Connect this furnishing to a properly grounded circuit only. See Grounding instruction.

WARNING

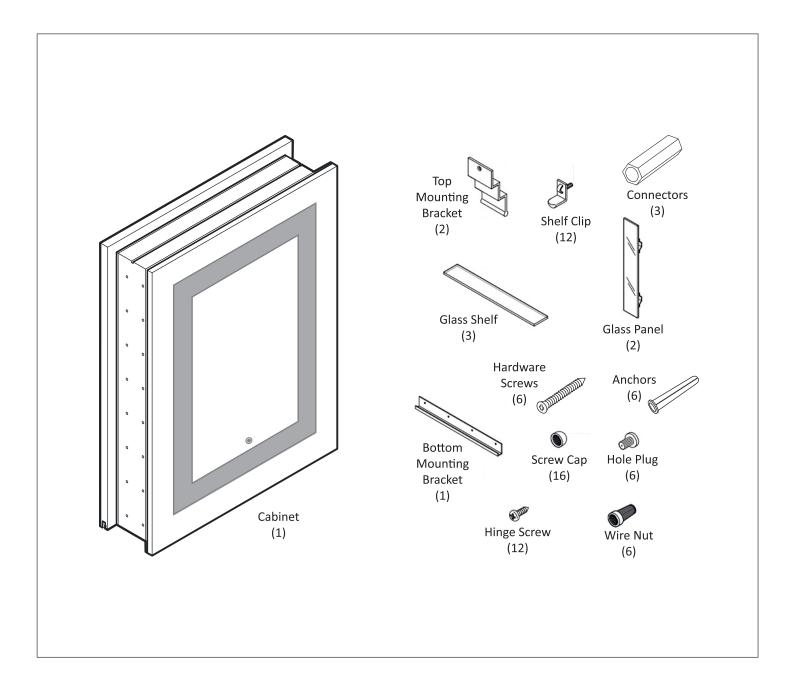

- All fittings must be installed in accordance with current IEE wiring regulations. If in doubt, consult a qualified electrician.
- Switch off the electrical supply at the main circuit board BEFORE installation and maintenance.
- Suitable for Bathroom Zones 2, 3 and non bathroom/dry areas. See diagram below.

- NOT suitable for above baths or Zone 1 not for installation in Saunas, Steam Rooms or Shower Cubicles.
- Suitable for indoor use only.
- DO NOT fix to damp or conductive surfaces.
- Site well away from curtains and fabrics.
- Never cover the mirror.
- Switch off after use.

PARTS LIST

IMPORTANT - BEFORE YOU BEGIN

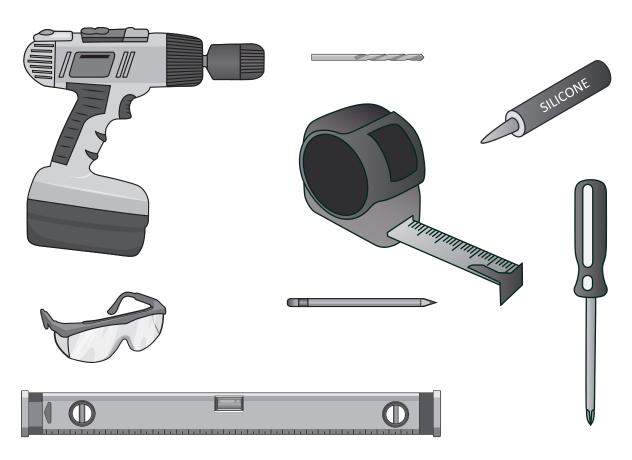

- Inspect the product immadiately upon receipt for transit damage or missing parts.
- Handle the product with care and protect against knock to all sides and edges of the glass.
- Make sure that you have all the tools you need to complete the job. (SEE BELOW)
- Ensure ther are no hidden pipes or cables in the wall before drilling.

 If drilling holes in ceramic tiles use a piece of masking tape on the tile to stop the drill bit from slipping.

Aftercare Instructions

- Clean using a soft dry cloth only when turned off.
- Never use cleaning agents or abrasive materials.
- Do not allow moisture to come into contact with lamps.

TOOLS USED

WARNING

The Lead Contains 3 Wires:

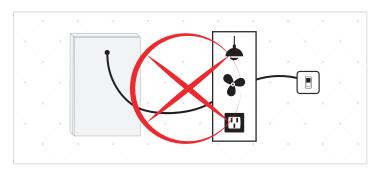

COPPER WIRE (GREEN) = *GROUND WIRE...*Connect to *GROUND WIRE* in your box, or to the box as a ground.

WHITE (or BROWN) = NEUTRAL WIRE... Connect to the WHITE NEUTRAL WIRE in your box. BLACK (or BLUE) = HOT WIRE... Connect to the BLACK HOT WIRE in your box.

The Svange wires will be connected to your 120 Volt electric box. This should be placed in the wall, behind your Svange Cabinet. The suggested method for placement is towards the center, however there is flexibility with the lead wire.

- Suitable for indoor use only.
- DO NOT fix to damp or conductive surfaces.
- Site well away from curtains and fabrics.
- Never cover the mirror.
- Switch off after use.

Please follow below illustrations

Install optional outside switch to control the deffoger Refer to how to use guide for more information

Connect cabinets with connector s provide at top, middle and bottom. Here are some different ways

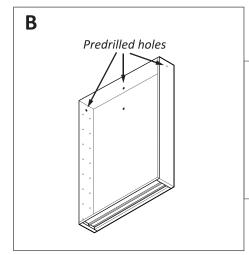

Measure single or combined connected cabinet rough in size

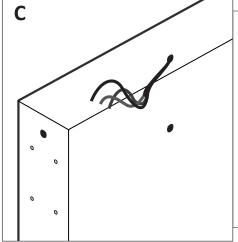

ELECTRICAL PREPARATION

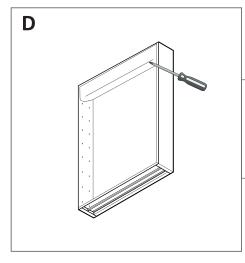

Remove the electric box panel inside the cabinet

Use optional predrilled holes for electrical connection

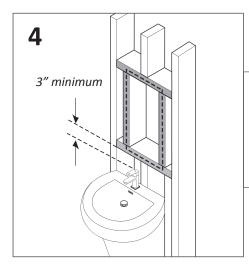

With panel removed change the location of electrical cord according to your electrical needs

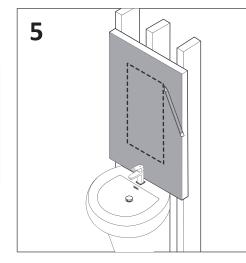

Reattach the electrical box panel

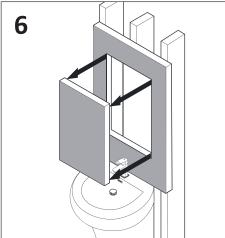

RECESS MOUNT INSTALLATION CONTINUED

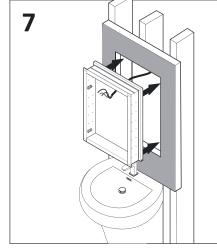

Frame the opening for the cabinet based on the measurement

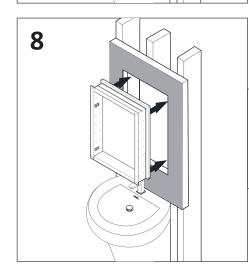

Draw the perimeter of the cabinet on the wall

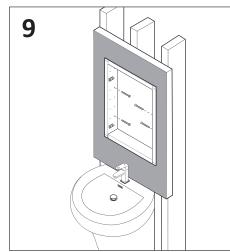

Cut the marked perimeter with suitable tool

Connect
electrical
wires
before
inserting
the
cabinet
into the
opening

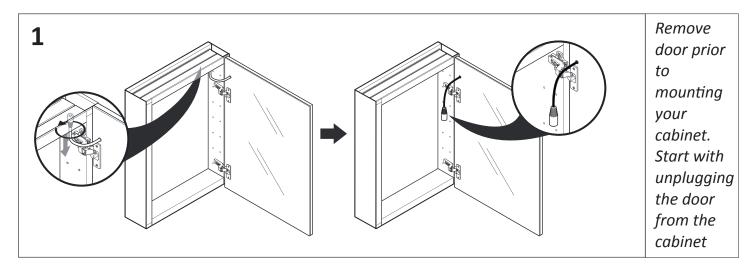

Position cabinet in cutout opening

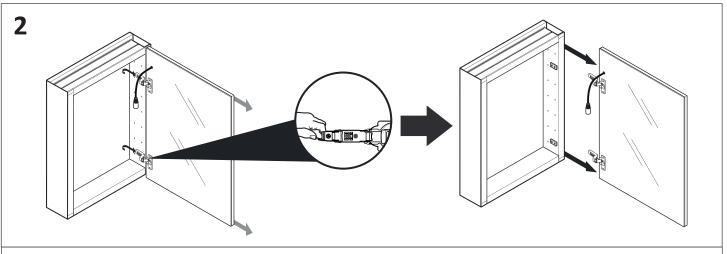

Affix using screws into the stud

SURFACE MOUNT INSTALLATION

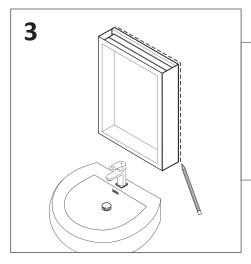

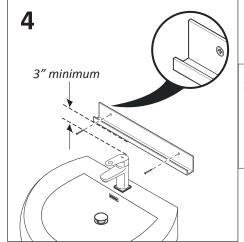

While supporting the door release (the leaver under the hinge arm), slide the door off frame.

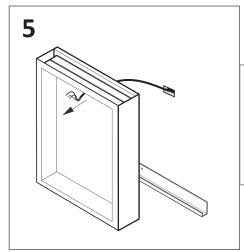

SURFACE MOUNT INSTALLATION CONTINUED

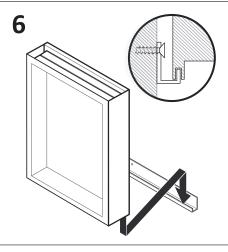

Level and mark the cabinet`s location on the wall

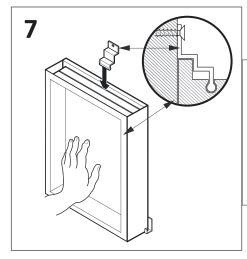

Attach bottom bracket to wall

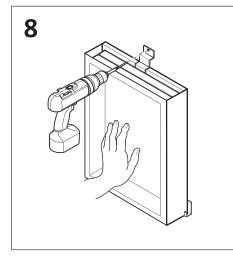

Pull through the electrical wires

With
assistance
rest the
cabinet on
the bottom
mounting
bracket
and hold in
place

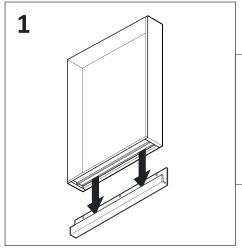

Insert top mounting bracket into the top of the cabinet

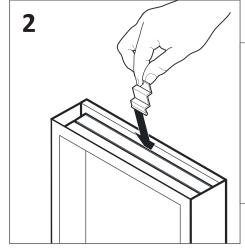

Attach the top mounting bracket to the wall using a screw gun

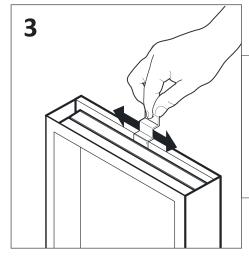

MOUNTING BRACKETS(FOR SURFACE MOUNT INSTALLATION)

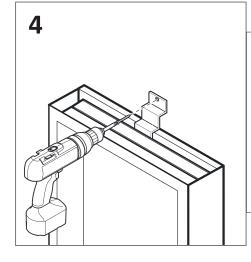

Rest the cabinet on top of the bracket

Slide top bracket into the channel at the top of the cabinet

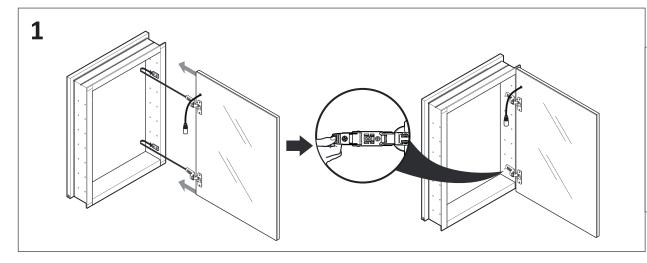

Make sure top bracket is locked in the groove

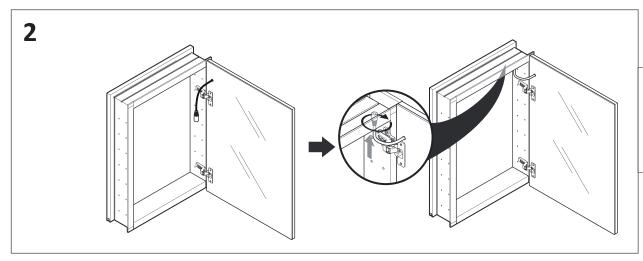

Secure the top bracket to the wall using screw gun

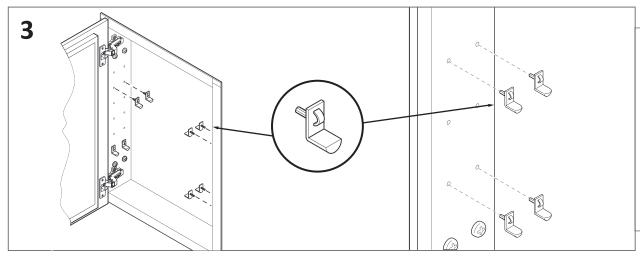

FINAL ASSEMBLEY (BOTH)

Slide the doors into place by pinching the end of the hinge

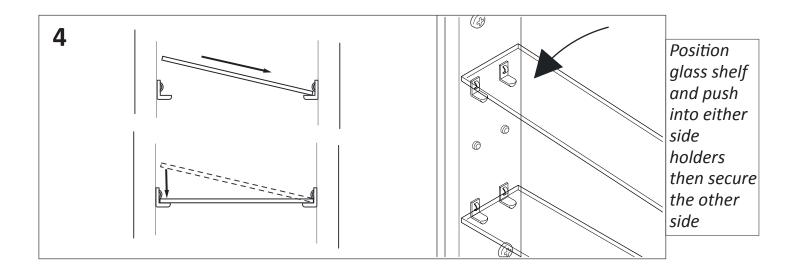

Plug the door into the cabinet

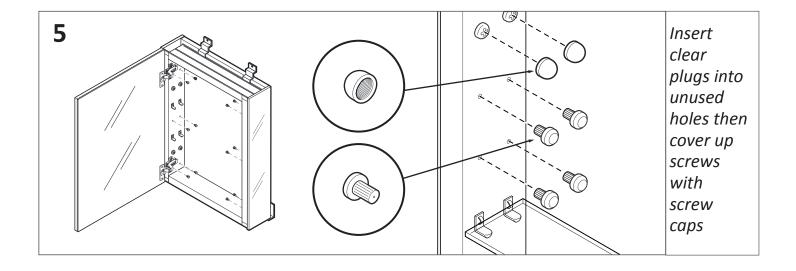

Use
snap-in
holders
into
predrilled
holes on
the side
of the
cabinet

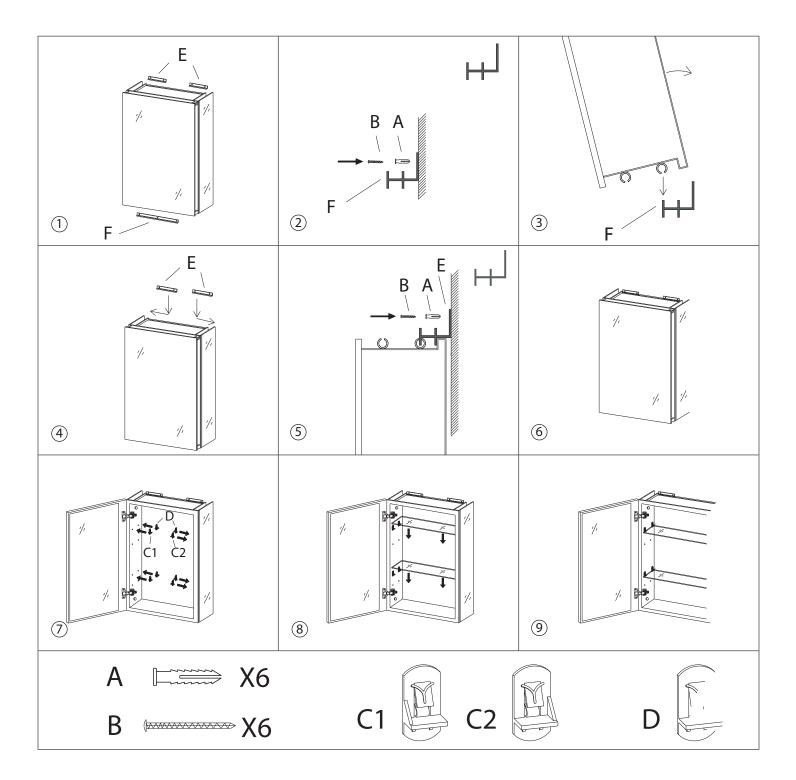

FINAL ASSEMBLEY CONTINUED

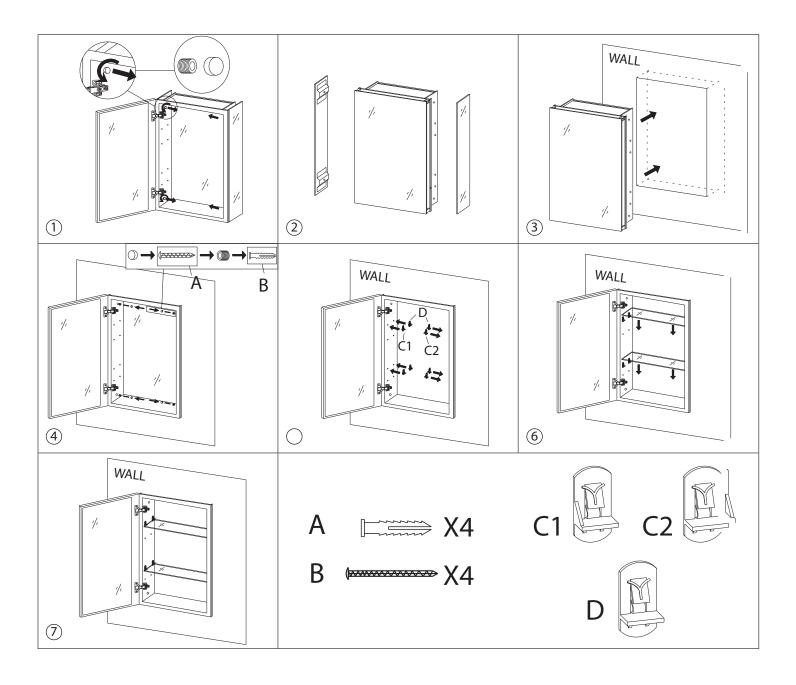

INSTALLATION INSTRUCTIONS (SURFACE MOUNTED):

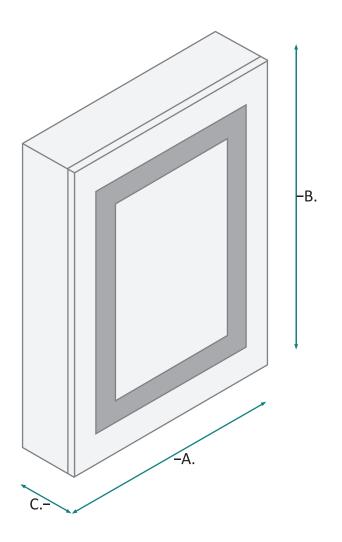

INSTALLATION INSTRUCTIONS (RECESSED MOUNTED):

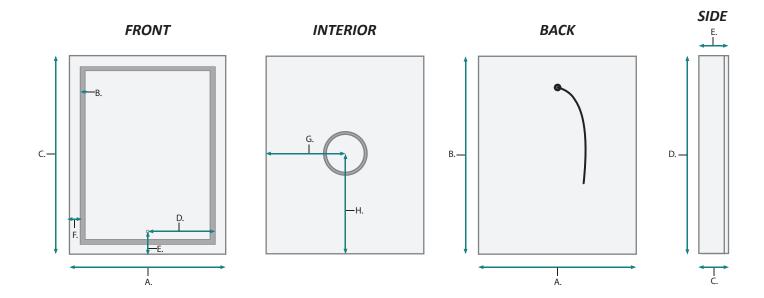

- A Cabinet's Width
- **B** Cabinet's Heights
- C Cabinet's Depth

USE AND MAINTENECE

The interior is constructed of mirrored glass and aluminium. Use only a damp cloth to clean. Ammonia or vinegar-based cleaners can damage mirrors.

When cleaning, spray the cloth, not the mirror, or surrounding surfaces. Do not use abrasive cleansers on any part of the light fixture.

LIMITED LIFETIME WARRANTY

Subject to the terms and conditions specified herein, Krugg Reflections USA LLC, ("KRUGG") hereby extends a limited lifetime warranty (this "Limited Warranty") to original Purchasers (as defined below) of the Krugg LED Medicine Cabinet (the "Product") with respect to certain specified components of the Product. Specifically, KRUGG, by this Limited Warranty, warants that, for the durations specified herein, Products purchased directly from KRUGG or KRUGG's authorized retailers will be free of defects in the material and workmanship of the Product's electrical components, glass, mirrors, and certain mechanical components, which defects would cause the Product to substantially fail to function when subject to normal use.

ONE-YEAR LIMITED COMMERCIAL WARRANTY

Subject to the terms and conditions specified herein, Krugg Reflections USA LLC, ("KRUGG") hereby extends a limited one-year warranty (this "Limited Warranty") to Commercial Purchasers (as defined below) of the Krugg LED Medicine Cabinet (the "Product") with respect to certain specified structural components of the Product. Specifically, KRUGG, by this Limited Warranty, warrants that, for a one-year period, Products purchased directly from KRUGG or KRUGG's authorized retailers will be free of defects in the material and workmanship of the Product's electrical components, glass, mirrors, and certain mechanical components, which defects would cause the Product to substantially fail to function when subject to normal use.
